gift
gift of life

GIFT OF LIFE
TRANSPLANT HOUSE
A HOME THAT HELPS
AND HEALS

The Power of Family

When JoAnn Volker came to work at Gift of Life Transplant House in January 2019, she quickly became part of the Gift of Life “family”. As our database clerk, she made sure that information was correctly entered, donations were acknowledged and the database was always up to date. As time went on, JoAnn learned how to take on the duties of a fill-in receptionist. Her pleasant personality made it easy for guests and caregivers to connect with her.

We soon learned just how deep that connection to Gift of Life Transplant House was when Jo, as we like to call her, revealed that she was a kidney transplant recipient. In April 2007, Jo learned unexpectedly that she had kidney failure and just like that, JoAnn joined another family –

the transplant community. Her daughter, Tami, tested to be her living donor and was a match.

The day of transplant is always a big day, but just a few hours before her surgery was scheduled, JoAnn learned that her daughter, Jenni, was in labor and about to give birth to a granddaughter. She and Tami greeted Jenni early that morning in August. At 6:50am, baby Haili was born and an hour later, Dr. Prieto and the transplant team had removed Tami’s kidney and were proceeding with the transplant for Joann. The transplant was a success and Tami’s kidney was producing! Being the doctor that he is, Dr. Prieto arranged a special “tour” of the hospital, allowing Jenni and new baby Haili to visit Tami in her room and Grandma JoAnn in her room.

Through the years, Jo has worked hard to maintain her

health, monitoring her blood pressure, staying active, getting lots of fresh air and staying positive. 13 years after her transplant, JoAnn was working at Gift of Life when we all learned a new word: COVID. Gift of Life Transplant House worked diligently to protect our “family” – guests, caregivers, volunteers and staff and keep them safe. COVID was a particular threat to JoAnn, as to all of our immunocompromised guests and she was one of the staff we sent to work at home! Other high risk staff members who were not able to work remotely were sent home with full pay for a period of time as we navigated what COVID meant to all of us. JoAnn worked at home until she was able to receive her vaccinations and felt safe to return to the office.

In August of this year when JoAnn went in for her annual check-up, she also asked to have her antibodies tested and discovered, much to her dismay, she didn’t have any present. Many of our guests have experienced

that same dismay and heightened concern about protecting themselves. We care deeply about every member of our “family”! Guests, caregivers, staff and volunteers are required to be fully masked at all times; no visitors are allowed in the buildings; and hand sanitizer is prevalent throughout.

JoAnn has now received her booster and is hopeful that her body has begun producing antibodies. She continues to wear a mask at all times, in the house or away from the house. JoAnn and her family do not go to any public venues, even if outside and they do not see relatives unless they are fully vaccinated.

These last two years we have been reminded yet again of a principal that

our founder, Ed Pompeian, knew very well – the power of family! JoAnn’s story reminds us of that as well. It is the power of a strong, supportive family that instills hope, courage and resolve! It is the power of family that allows us to laugh even when we can’t stop the tears from flowing. And it is that bond of family that blesses us with immeasurable power.

You are part of this remarkable family! This ‘home away from home’ is an anchor, a safe harbor and a place where we are loved and where we can love.

GIFT OF LIFE TRANSPLANT HOUSE

Wish List

- ◇ **Napkins**
- ◇ **Paper Towels**
- ◇ **Toilet Paper**
- ◇ Facial Tissues
- ◇ \$30 for a guest room night
- ◇ Regular & Decaffeinated Coffee

LETTER FROM LEADERSHIP

Board President: Adrienne Pompeian

GIVE THANKS!

Dear guests, staff, donors, and friends,

One of many lessons that we have learned during the pandemic is that we have much to be grateful for. These times have been among the most trying in recent history, especially for individuals within the transplant community. The significance and importance of our work at Gift of Life has never been greater.

At Gift of Life, we have many reasons to give thanks this fall.

First, thank you to our incredible staff and volunteers whose dedication and resolve continue to ensure our guests remain safe and healthy during the ongoing pandemic. Although the House has intermittently experienced staffing shortages, our staff and volunteers have gone above and beyond to adapt to the changing needs of the House and our guests. Our staff and volunteers are the key to upholding the House's mission to provide high quality, affordable accommodations for transplant patients and their caregivers in a supportive, home-like environment. We are thankful for their unwavering determination.

Second, thank you to our guests, donors, and friends. Gift of Life continued to experience an outpouring of support through the success of the 37th Annual Gift of Life Golf Tournament, the 1st Annual Gift of Life Car Show, the Gift of Life 5K run/walk hosted by TerraLoco, and Tribute Month which honored transplant donors and recipients throughout September.

Third, thank you to our organ and tissue donors, donor families, and transplant recipients. As you can see from the many tributes and memorials listed, Tribute Month at Gift of Life was a wonderful opportunity to give thanks and

recognition to those who gave or received a second chance at life. Each memorial and tribute listed is a testimony of respect, admiration, and appreciation. If it weren't for these recognized individuals, life-saving transplantation could not and would not exist. Now THIS is a beautiful reason to give thanks!

As my father would often say, "We are blessed!" He was right. Gift of Life is blessed by all of you who believe in and support our mission.

On behalf of the entire Board of Directors, thank you for your ongoing support of Gift of Life. May you find joy in each day and remember to give thanks!

Respectfully,

Adrienne Pompeian
Board President

SEPTEMBER TRIBUTES

The names to follow have shared the legacy of hope and renewed life. Tributes not only honor donors, recipients, and loved ones, but assists in continuing to provide "a home that helps and heals" to more than 4,100 guests and caregivers each year.

The recipient is listed in *italic* and benefactor is listed in **bold**. We are thankful for everyone who took part in this special tribute opportunity.

WELCOMING OUR FALL INTERN

A Rochester Semester

We are ecstatic to welcome our intern Baili to Gift of Life Transplant House!

For Baili's fall semester as a senior at Luther College, she was required to spend a semester at an internship with an organization. They call this "The Rochester Semester". While many of her classmates are at Mayo Clinic for their internship, Baili was the only student that was uniquely placed here at Gift of Life Transplant House.

Baili is a passionate musician who is majoring in Music with a minor in psychology. Her goal is to use her degree to bring joy and healing through music by working in the growing field of Music Therapy. While she is keeping her options open post graduation as she learns more about the non-profit world, she has been a wonderful addition to our team.

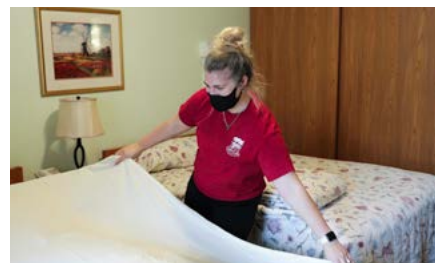

As an intern, she is rotating through each area of the house so she can learn the processes in place to keep Gift of Life Transplant House running

efficiently. She is also learning the operations of a non-profit organization. Her first couple weeks were spent with housekeeping, to which she stated, "I've never felt more welcomed anywhere in my life."

After her time with our housekeepers, she was trained in with our receptionists and tour guides to fully grasp what makes Gift of Life Transplant House so special. She has really enjoyed her time thus far and is excited to continue working through the various areas of the house.

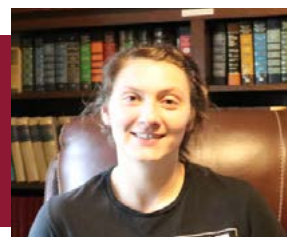

Her last few weeks will be spent doing music therapy for guests. She will have the opportunity to showcase her talents playing cello and piano.

Baili has quickly become a part of our Gift of Life Transplant Family and while we will be sad to see her leave, we are very excited to see all that she accomplishes. Her smile, charisma and kindness will certainly be missed!

Facilities Staff

WELCOME NEW STAFF:

IRA RAYGOR
Housekeeper

ROD ANDERSON MEMORIAL AWARD 2021

The Rod Anderson Award is presented at our Annual Golf Tournament to a volunteer who embodies a few of the characteristics of Rod, an avid supporter, board member and board president of Gift of Life Transplant House. These characteristics include selflessness, humility and kindness.

This year, we presented the award to Phyllis Buettner who has been volunteering at Gift of Life Transplant House as a Tour Guide since 2012. When Phyllis retired, she sought out

meaningful volunteer opportunities. She was grateful to come to Gift of Life Transplant House and continues to look forward to volunteering each week. While we don't have an accurate count, we estimate Phyllis has logged over 1,880 volunteer hours!

We are so grateful for Phyllis, who embodies the qualities of selflessness, humility and kindness reflected in Rod Anderson's character.

A FITTING TRIBUTE

You may not know Gary Hahn personally, but many of you have enjoyed the candy bars he supplies to the house! He donates the money he collects for these sweet treats back to Gift of Life.

Gary has an even stronger connection to Gift of Life Transplant House. In 2005, Gary had a pancreas transplant and stayed at Gift of Life Transplant House. He planted roses in honor

of his transplant and this July, took a photo to share with us.

Roses are one of the oldest flowers known to man; their fragrance can be used in perfumes and they are edible! But what is most powerful is the meaning of the colors that Gary chose for his roses.

Red means Love – and there is no greater love than to give of oneself as his donor did.

Pink symbolizes Gratitude – and you have never met a more grateful person than Gary.

White symbolizes a new beginning – transplant marks the beginning of a new life.

Yellow symbolizes friendship – a quality that marks Gary and all of our guests at Gift of Life.

Thank you for sharing these beautiful photos with us, Gary!

HOUSE HAPPENINGS

FACILITIES

Yard work became a little bit easier this summer with the donation of a **SIMPLICITY RIDING MOWER** from Hammell Equipment! We are so grateful for this donation!

Thank you to Altra Federal Credit Union and their **ALTRA GIVES BACK** program three volunteers spent the morning with us in October cutting back foliage and getting the grounds ready for fall and winter!

NEW CARPETING has been placed in the “Fireside Room” at 724! This carpet gives the whole room a fresh facelift!

OPERATIONS

Our excitement over new mattresses at the 705 house was a bit short-lived when we learned that these mattresses did not hold up well. Thanks to **FURNITURE SUPERSTORE IN ROCHESTER**, the mattresses will be exchanged for better quality mattresses! We are so fortunate to have great support from our local vendors.

THANKSGIVING at Gift of Life Transplant House has looked a bit different since COVID. Nonetheless, we will once again be providing a Thanksgiving meal for our guests and caregivers this year. The meals will be individually packaged to ensure safety and will include dessert!

ARTISANS AT GIFT OF LIFE

I didn't receive the "artisan" gene! My mother had it; my sister inherited it; but alas, I did not!

That adds a special layer of delight when we have guests and caregivers that are skilled and incredibly creative artisans! From hand-crafted benches to hand-made quilts to paintings, carvings and sculptures, evidence of the creativity of our guests and caregivers can be seen at both houses!

Roger Uphoff and his wife, Liz, are artisans! Roger is

a heart transplant recipient and first showed us a small rock he had painted. It was beautifully done and during their next visit, Roger brought a number of rocks he had created and displayed on the East Deck at the Edward and Jayne Pompeian Home! But at their most recent visit in September, Roger brought us an angel sculpture he had made from horseshoes! Our lovely iron angel now sits on the mantle on the fireplace at the Edward and Jayne Pompeian Home!

WHERE LOVE LIVES

The many ways to show your support

From the moment you walk through the front door, you can tell – this is a place where love lives. It is evident when guests and caregivers greet one another at the end of a long day, listening intently to fears and triumphs. It is evident when a “seasoned” caregiver gently shows a new caregiver the ropes in the kitchen. And it was evident when guests and caregivers saw the blue and green ribbons that adorned the front porches during September! For guests staying at the house, those ribbons are a very real reminder that this is a place where love lives!

•• WAYS LOVE CAN GROW ••

Your support of our guests, caregivers and Gift of Life Transplant House can take many forms and we have listed a few here.

CASH/CHECK DONATIONS

Many of you generously support Gift of Life Transplant House via cash or check.

CREDIT CARD DONATIONS

You may prefer to make your donation via our website by going to www.gift-of-life.org/make-a-donation.

WISH LIST DONATIONS

Providing goods used frequently by guests and caregivers is another way to support us.

Go to www.gift-of-life.org/make-a-donation, scroll to the bottom of the page and review our wish list.

AMAZONSMILE

If you use Amazon frequently for purchases, consider using AmazonSmile. Rather than going to Amazon.com, go to Smile. Amazon.com. Simply use your current login information. You will be given the opportunity to choose your charity! Choose

Gift of Life, Inc! A portion of each purchase will be donated by Amazon directly to Gift of Life.

FACEBOOK FUNDRAISER

Have a birthday or a special celebration coming up? Create a Facebook Fundraiser and ask friends and family to support Gift of Life in honor of your special day. Donations are sent to Gift of Life via Network for Good!

GIFT OF STOCK

You may choose to donate appreciated shares of stock to Gift of Life. Please feel free to contact Mary Wilder, Executive Director, for more information. Her number is 507-951-0061.

IRA GIFTS

If you are 70 ½ or older, you may make a qualified donation from your IRA. Contact your financial planner for more information.

DEDICATE A PAVER

A cobblestone paver is a wonderful way to commemorate a loved one or special day! Go to www.gift-of-life/tributes to download a tribute form.
